Cleveland was one of five cities awarded a 2012 GRO1000 Gardens & Green Space Grant for the Urban Agriculture Innovation Zone Gateway Park by the Conference of Mayors and Scott's Miracle-Gro. The GRO1000 program established a goal of developing 1,000 community gardens and green spaces in the U.S., Canada and Europe by 2018. The program is designed to help communities and its residents experience the benefits of community gardening and green spaces and to support local hunger needs.
