N Marginal Rd @ West Bv	Westbound	N Marginal Rd	Red Light

Additionally, the Cleveland Department of Public Safety utilizes six (6) mobile speed cameras in manned Division of Police vehicles throughout the city. These cameras are deployed based on areas of concern and operational need, and often in school zones to protect children as they make their way to and from school each day.

Motorists are encouraged, as always, to keep safety first and foremost when driving and to adhere to the laws of the road, traffic signals and posted signage to protect themselves and others.
